

SAFETY DATA SHEET

Thermotex

SDS according to Regulation (EC) No. 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), Annex II-EU

SECTION 1: Identification of the substance / mixture and of the company / undertaking

Date issued 30.11.2010

Revision date 26.05.2015

1.1. Product identifier

Product name Thermotex

Article no. 10101; 10101-2; 10102; 10103; 10104; 10105; 10106; 10107

1.2. Relevant identified uses of the substance or mixture and uses advised against

Product group PROFESSIONAL ELECTRO SYSTEM

Use of the substance / mixture Heat-shrink tubing

Relevant identified uses
 SU3 Industrial uses: Uses of substances as such or in preparations at industrial sites
 SU22 Professional uses: publicly accessible (administration, education, entertainment, services, craftsmen)

1.3. Details of the supplier of the safety data sheet

Company name VEIDEC AB

Office address Videvägen 9

Postal address Videvägen 9

Postcode 247 64

City Veberöd

Country Sweden

Telephone number +46 46 238900

Fax +46 46 23 89 09

Email nina.mandahl@veidec.se

Website www.veidec.com

Contact person Nina Mandahl

1.4. Emergency telephone number

Emergency telephone	Telephone number: 112 Description: SOS
---------------------	-------------------------------------------

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Substance / mixture hazardous properties	The product is not classified.
------------------------------------------	--------------------------------

2.2. Label elements

2.3. Other hazards

Other hazards	No information required.
---------------	--------------------------

SECTION 3: Composition / information on ingredients

3.2. Mixtures

SECTION 4: First aid measures

4.1. Description of first aid measures

Inhalation	Overheated: Move into fresh air and keep at rest.
Skin contact	Overheated: Rinse with water. Continue to rinse for at least 15 minutes. Do not remove burnt material.
Eye contact	Overheated: Immediately flush with plenty of water or eyewash solution for up to 10 minutes.

4.2. Most important symptoms and effects, both acute and delayed

Information for health personnel	Treat Symptomatically.
----------------------------------	------------------------

4.3. Indication of any immediate medical attention and special treatment needed

Separate first aid equipment	No recommendation given.
------------------------------	--------------------------

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media	Polyvalent skum. ABC pulver. Carbon dioxide (CO2). Water spray.
------------------------------	-----------------------------------------------------------------

5.2. Special hazards arising from the substance or mixture

Fire and explosion hazards	No data recorded.
----------------------------	-------------------

5.3. Advice for firefighters

Fire fighting procedures	Use supplied air respirator if product is involved in a fire.
--------------------------	---------------------------------------------------------------

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures

Personal protection measures	Ventilate well.
------------------------------	-----------------

6.1.1. For non-emergency personnel

Personal precautions	No recommendation given.
----------------------	--------------------------

6.1.2. For emergency responders

For emergency responders	No recommendation given.
--------------------------	--------------------------

6.2. Environmental precautions

Environmental precautionary measures	No recommendation given.
--------------------------------------	--------------------------

6.3. Methods and material for containment and cleaning up

Cleaning method	No recommendation given.
-----------------	--------------------------

6.4. Reference to other sections

Other instructions	For personal protection, see section 8. For waste disposal, see section 13.
--------------------	--------------------------------------------------------------------------------

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Handling	Avoid overheating. Ensure good general ventilation.
----------	--------------------------------------------------------

7.2. Conditions for safe storage, including any incompatibilities

Storage	Keep in a dry place. Store at temperature below 40 °C.
---------	--------------------------------------------------------

7.3. Specific end use(s)

SECTION 8: Exposure controls / personal protection

8.1. Control parameters

8.2. Exposure controls

Respiratory protection

Respiratory protection	If ventilation is insufficient, suitable respiratory protection must be provided.
------------------------	-----------------------------------------------------------------------------------

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Colour	Misc. colours.
Melting point / melting range	Value: 80 - 110 °C

9.2. Other information

SECTION 10: Stability and reactivity

10.1. Reactivity

Reactivity	There are no known conditions that are likely to result in a hazardous situation.
------------	-----------------------------------------------------------------------------------

10.2. Chemical stability

Stability	Stable under normal temperature conditions and recommended use.
-----------	-----------------------------------------------------------------

10.3. Possibility of hazardous reactions

Possibility of hazardous reactions	No recommendation given.
------------------------------------	--------------------------

10.4. Conditions to avoid

Conditions to avoid	Avoid excessive heat for prolonged periods of time.
---------------------	-----------------------------------------------------

10.5. Incompatible materials

Materials to avoid	No recommendation given.
--------------------	--------------------------

10.6. Hazardous decomposition products

Hazardous decomposition products	Fire or high temperatures create: Carbon dioxide (CO ₂). Carbon monoxide (CO). Hydrogen chloride (HCl). Nitrogen oxides (NO _x). Sulphur. Phosphorus.
----------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

SECTION 11: Toxicological information

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

Potential acute effects

Inhalation	Vapours irritate the respiratory system, and may cause coughing and difficulties in breathing.
Eye contact	May irritate and cause redness and pain.

SECTION 12: Ecological information

12.1. Toxicity

Ecotoxicity	There are no data on the ecotoxicity of this product.
-------------	-------------------------------------------------------

12.2. Persistence and degradability

12.3. Bioaccumulative potential

12.4. Mobility in soil**12.5. Results of PBT and vPvB assessment****12.6. Other adverse effects****SECTION 13: Disposal considerations****13.1. Waste treatment methods**

Product classified as hazardous waste	No
Packaging classified as hazardous waste	No
EWC waste code	EWC: 07 02 13 waste plastic

SECTION 14: Transport information**14.1. UN number****14.2. UN proper shipping name****14.3. Transport hazard class(es)****14.4. Packing group****14.5. Environmental hazards****14.6. Special precautions for user****14.7. Maritime transport in bulk according to IMO instruments****Additional information**

Additional information	The product is not covered by international regulation on the transport of dangerous goods (IMDG, IATA, ADR/RID).
------------------------	-------------------------------------------------------------------------------------------------------------------

SECTION 15: Regulatory information**15.1. Safety, health and environmental regulations / legislation specific for the substance or mixture**

Legislation and regulations	Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94 as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC, including amendments. 453/2010/EU amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council on the Registration, Evaluation, authorisation and Restriction of Chemicals (REACH)
-----------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

15.2. Chemical safety assessment

SECTION 16: Other information

Information added, deleted or revised

CLP
